Dear Members of Area 83,

After consultation with the Area Committee and conforming to local requirements the Area Assembly that was to be held in Kingston at the end of March has been cancelled.

Please spread the word with your groups and fellow members. A contingency plan to address Area business is underway.

If you have made a booking at the hotel please call them directly to cancel.

There have been several inquiries about the financial ramifications for the Area for cancelling our event. We are in ongoing negotiations with the Ambassador Hotel and will report to the members at a later date. Our primary focus at the moment is the safety of our members.

Thank you for your patience and understanding as we journey together through these challenging days.

Yours in Love and Service,

James O'D
